GALBREATH AND TAXES.

A Citizen Who Pays \$38.18 and Has a Right to Complain.

M. Galbreath who complained early in the week regarding the condition of the alley between Fifth and Sixth, and Folk and Taylor streets, says the alley has not been touched by either the sanitary force controlled by Sanitary Sergeant Hudson, or that of Dr. Hibben. He says the alley is just as full of obstructions as it ever was, and as a taxpayer, who pays \$38.18 taxes each year he wants relief.

With two sets of sanitary policemen on the city pay-rolls such cases as that complained of ought to receive attention. It is what the sanitary forces are there for. Sanitary Sergeant Hudson does little but hobnob among the Populists and talk politics. If Hudson's sanitary force won't attend to these complaints, the other force ought to find time to do so.

PAVEMENT ASSESSMENTS

As Shown by the Books at the City Clerk's Office.

City Clerk McFadden and his deputy, Miss Bertha Knowles, have completed the larger part of the clerical work on the tax levy for this year. It will make about 600 pages of type writer copy.

The levy will show that there are only two more assessments to be made after this year's, for the pavement on Kansas avenue, Jackson and Quincy streets. Of the ten assessments that for 1894 is the eighth.

On Harrison street, Tenth, and a majority of intersecting streets, this is the seventh assessment, leaving three yet to be made.

For Sixth street this is the sixth assessment, with four more to make, while just half of the assessments have been made on Topeka avenue, leaving five to be made.

CAN'T LIVE WITH HIM.

Emma Kelly, Wife of John Kelly, Sues for Divorce.

The grounds on which Emma Kelly petitioned the district court this week for a divorce from John Kelly, appear to be well founded if statements of the wife are to be believed. John Kelly is a bricklayer employed by the Santa Fe. Mrs. Kelly says he has been drinking heavily lately, and upon such occasions beats her unmercifully. Kelly has been fined twice in the police court for beating his wife. They live on east Fifth street near the Ohio house. One night Kelly beat his wife so cruelly that the woman's screams aroused the whole neighborhood. Among those who rush to the scene were Judge and Mrs. Z. T. Hazen who live not far away.

The unfortunate woman was covered with blood from head to foot from numerous cruel cuts and bruises received. Mrs. Kelly started to get a divorce before but Kelly promised to behave and the matter was settled by Kelly paying the costs.

To borrowers on well located Topeka property and farms in eastern Kansas we offer prompt money, lowest rates and every possible accommodation.

We have mortgages of the kind that will suit conservative investors in sums desired.

T. E. BOWMAN & Co.

ABOUT OVERMYER.

The Democrats Sure to Have a State Ticket, Says Col. Tomlinson.

Col. Wm. P. Tomlinson, editor of the Daily Democrat, takes exception to the conclusion of the article in last evening's JOURNAL, on the rumor that Hon. David Overmyer would be appointed by President Cleveland recorder of deeds for the District of Columbia.

Mr. Tomlinson thinks the report itself is absurd; that Overmyer is the last man Senator Martin would think of naming to President Cleveland for that position, even if he should be consulted by the president, which is doubtful.

Moreover, in the very improbable event of President Cleveland naming Mr. Overmyer for the position, no change whatever would be effected in the political situation in this state. It would not under any circumstances leave "the field clear for fusion." Another "Democratic Surrender" is out of the question. The Democrats intend to have a "straight-out" Democratic state ticket.

If Mr. Overmyer should be appointed to the above position—which is highly improbable—it would simply remove one candidate of, possibly, many. Carroll, Humphrey, Lowe, Jones, or some good, popular Democrat could hardly receive the gubernatorial nomination.

In no conceivable way, Col. Tomlinson thinks, can Senator Martin or the fusion Democrats prevent the nomination of a "straight-out" Democratic state ticket in Kansas this year.

What Gov. Glick Says.

Pension Agent Geo. W. Glick in speaking of the report of the office of register of deeds of the District of Columbia being offered to David Overmyer, said: "I don't believe there is anything in the story, as Overmyer could hardly afford to give up his law practice here in Topeka and go to Washington on a salary of \$3,000 a year. That is all that that office is worth now; it is not the snap it used to be. The fees of the office now are turned into the treasury of the United States. The man who gets the office must be endorsed by John Martin, and he and Overmyer are bitter enemies, and I don't believe Martin would endorse his enemy under any circumstances. I don't believe Overmyer is a candidate for the office."

Band Concert at Garfield Park.
Marshall's military band will give a concert at Garfield park tomorrow afternoon, commencing at 3 o'clock. The regular series of concerts does not begin until the first Sunday in May, but this is given in response to a popular demand. The grass and shade at the park is well started and the seating capacity has been doubled; the only thing lacking is the programme, which will be ready on the Sunday following.

A splendid programme of new selections has been prepared and patrons may depend upon hearing some good music. The usual price of admission, 10 cents, will prevail; children and carriages free.

The STATE JOURNAL's Want and Miscellaneous columns reach each working day in the week more than twice as many Topeka people as can be reached through any other paper. This is a fact.

Marshall's band will give a concert at Garfield park tomorrow afternoon at 3 o'clock.

KILLED BY WORRY.

Remarkable Story of the Death of Edward Zellers.

SEQUEL TO THE SANTA FE STRIKE.

Mr. Zellers Passed Away Last Night at 11:30—His Long Sufferings.

Edward Zellers died of Bright's disease and brain trouble at his home at 415 Buchanan street, last night at 11:30 o'clock, after an illness covering a period of about three months. Mr. Zellers was 42 years of age. He came to Topeka from Iowa and has been in the employ of the Santa Fe for the past eight or ten years. He was at the time of his death foreman of the blacksmithing department of the shops. He was a plain man, a Christian, a member of the Methodist church, and a good citizen; a member of the Masonic order and of Irwin lodge No. 60 A. O. U. W., and stood high in the estimation of his friends. The funeral arrangements have not yet been decided on, further than that he will be buried here, probably tomorrow afternoon. The obsequies at the home will necessarily be private, because of the presence of scarlet fever in the house.

Mr. Zellers, it is said by an intimate friend of the family, has for about a year been the victim of mental worry which is one of the immediate causes of his death.

At the time of the Santa Fe strike a year ago, Mr. Zellers was employed in the Santa Fe blacksmith shop and was in charge of the "big fire." He was not a member of the union and when the union men walked out he told the Santa Fe officials that he had a wife and babies to care for and while he did not want to be considered as opposing the action of the strikers, still he could not afford to quit work when he could just as well be earning a living for himself and family.

Mr. Zellers worked through the troublous times and when the strike was over he was promoted to the position of foreman of the blacksmithing department.

Some of the strikers when they returned to work objected to working under a "non-union man" and he had trouble at times with some of the men under him, although the trouble was not always open.

At one time it is stated Mr. Zellers was directed to discharge a man from his department who had been with the strikers and the officials who ordered him to discharge this man told him he must find his own reason for getting the man out of the company's employ.

Mr. Zellers ordered this man to do a piece of work and the man refused to do it. This objection led to hot words between the two men, and finally to the discharge of the objectionable employee. This action of Mr. Zellers made him more obnoxious than ever to the old men, who were still retained in the shop, although the new men who came in after the strike never had any trouble with the foreman, who appears to have been ordinarily a good boss.

Frequent incidents like this worried Mr. Zellers, and he was taken sick a few months ago. He went back to work before his friends thought it advisable, and Master Mechanic Smith advised him to take a vacation and go to Las Vegas hot springs, but he insisted on going back to the shops.

About ten days ago he was again taken sick and was forced to leave the shops. He gradually grew worse, and as the disease obtained a firmer hold on him, he became more apparent than ever to his friends that his mind was affected. This sad story of Mr. Zellers' trouble was given to a STATE JOURNAL reporter from an intimate friend of the deceased, who obtained it from his own lips.

This friend of Mr. Zellers' says there can be no doubt but that the worry about his work at the shops is directly responsible for the death of Mr. Zellers.

BIG SUIT FOR DAMAGES.

A Santa Fe Employee Sues for Malicious Imprisonment.

William J. Moorhead, a Santa Fe brakeman, who lives in Denver, has filed a case in the United States district court against the Atchison, Topeka & Santa Fe railway for damages in the sum of \$50,000.

Moorhead was arrested January 26, 1893, with many others of the employees of the road in that section, who were charged with a systematic robbery of Santa Fe freight cars in Colorado.

The evidence against the accused men in the trial was not strong enough to convict, and they were all acquitted. Moorhead claims his arrest and prosecution was malicious, and he wants damages in the sum named above for injury done to his reputation and the loss of his job, which he says was paying \$1,000 a year. He was unable to give bond at the time of his arrest and he was confined in the La Junta jail thirty-seven days. He has a wife and three children. Waters & Waters are Moorhead's attorneys.

COXEYITES IN OKLAHOMA.

The Rock Island Anticipates Trouble in the Territory.

News has been received at the Rock Island offices in this city that the Coxeys uprising has begun in Oklahoma and that parties are being formed along its lines with the purpose of "going to Washington" at all hazards.

At Oklahoma City the party numbers between 700 and 800. At El Reno the army has reached about 500. Enid also has a contingent of about 50 or 100.

They are said to be a tough outfit and though they have made no demonstrations yet tending to violence it is just possible that they may. They have announced that they will move next week and the Rock Island is ready for any hostile attempts that may be made to board trains without a right.

SHOPS AND OFFICES.

Some News Notes of Personal and General Interest.

It is reported that the Santa Fe will pay at Argentine on Monday, and the shop men here expect to get their share of the general joy some time early next week.

Mrs. Helen Jatten and daughter, of London, England, arrived this noon, and will make their home with her brother A. E. Hodge, of the Santa Fe paint shops. The local Brotherhood of Locomotive Engineers will hold its regular meeting at its hall tomorrow.

Mrs. Daniel Webb of Nortonville, was here today visiting her son Charles J. Webb, auditor of the Southwestern. Brakeman Cornelius Bohan has started his friends by appearing with a new silk hat.

IT IS TIME TO GET WELL.

All Nature Takes a New Start—New Sap Runs in the Trees and New Blood Courses Through the Veins—In Spring Take Paine's Celery Compound, the One Remedy That Cures.

Everything is upward striving.
'Tis as easy now for the heart to be true
As for fields to be green or skies to be blue;
'Tis the proper way of living.

All animate nature feels the touch of spring. Nature has her great spring cleaning days. The birds get new plumage, the fish put on their fresh, glistening, scaly armor, new streams of fresh water start from the ground; their are new buds and livelier sap, and in the human body the heart throbs with fuller, stronger beats.

It is a season of great changes. At no time during the year is the body so inclined to get rid of old, diseased conditions, chronic sickness, and deep-seated disorders of the vital organs.

It is for these reasons that Paine's celery compound, the most famous nerve regulator and blood purifier in the world,

has acquired the name of the great spring medicine.

There is not a single village in the country large enough to boast its regular physician or drug store where Paine's celery compound is not being more largely used this month than any other remedy. It is known wherever progress and enlightenment have pushed the railroad or the newspaper.

Paine's celery compound is the very utmost the medical research of today can do for the exhausted, badly-nourished nerves and this, impure blood. It goes straight to the cause of the mischief in the many forms of disease resulting from nervous debility and insufficient or vitiated blood. A thousand painful symptoms arise from these two prime causes. Correct the nerves and blood with Paine's celery compound and the entire system must get well; diseases of particular parts disappear, and strength and health by

day and sound, invigorating sleep by night, return by an unfailing natural process. Paine's celery compound drives out diseases of the liver, heart, and kidneys—by sending pure, sufficient blood, loaded with reconstructive material, through these vital organs, instead of a watery, impure fluid that can neither nourish nor invigorate. Dyspepsia, neuralgia, rheumatism, heart disease, general nervous debility, and loss of strength cannot remain when the nerves and blood receive their daily reinforcement of rich, abundant nourishment from Paine's celery compound.

Most diseases are signs of poverty, either of blood or nerves. Paine's celery compound makes people well because it feeds starved nerves and blood and regulates their functions. Try it and be convinced, as are thousands of men and women and children everywhere.

ELKS AND THE CIRCUS.

There Was a Large Audience Present Last Evening.

Sells & Rentfro's "Great Syndicate Show and Paris Hippodrome" gave its first performance of the present circus season for the benefit of the Topeka lodge of Elks last night on the vacant tract near Fourteenth and Harrison streets.

The attendance outside was so large before the doors opened that for a time an overflow meeting in the side show was held.

Those who took the Elks advertisement in sober earnest and expected to see Lee Jones ride the elephant and A. B. Campbell deposit himself on the back of the "herd" of camels, or witness trapeze work by T. J. Anderson, were doomed to disappointment. The only part the Elks took in the performance was to assist taking tickets at the main entrance. Everything about the circus was new except, perhaps the canvas and the costumes and banners looked pretty. The tumbling and trapeze work was decidedly creditable although the performers took an occasional tumble. The performance is repeated this afternoon and evening.

ROSEN MAY SUE THE CITY.

If His Sewer Bid Is Not Accepted He Will Claim Damages.

Contractor C. J. Rosen, who had sewer No. 16 half completed before the city council was "referred," is not at all backward in admitting that if his bid is not accepted within a reasonable length of time he will bring a suit against the city to recover not only what money he has already sunk in the contract, but damages as well.

After the work on the sewer was enjoined through an error at the city hall, by which the estimates for the work were not sworn to, the city began at the first and had new estimates prepared. Mr. Rosen was the only bidder the second time and his bid was \$1,010 in excess of his original bid. Mr. Rosen claims he is entitled to this excess because his material has been on the ground six months and he has been paying interest on his money all this time.

S. H. Isenhart, his attorney, said to a JOURNAL reporter today that the damage suit would be brought, and he was willing to bet his life he can get a good-sized judgment from any fair-minded jury.

HE DIDN'T TALK.

And Astonished Every One About the Statehouse.

Matthew McCook, a deaf mute of Dubuque, Iowa, called on state officials today. They were dumfounded at finding a Populist among them who couldn't talk, but when they recovered from their surprise the quiet man was well received.

He is editor of the Deaf Mute Critic and is a very intelligent man. He conversed in his own language on topics of interest. Among other things, he said: "This Coxeys movement is a big affair. I think people do not realize its magnitude but I believe that it will result in good."

Mr. McCook is here looking for a location for a paper for mutes. He says that mutes are nearly always Populists.

FROM THE RANKS.

Charles A. Phillips Is Made Captain of Company A at Holton.

Private Charles A. Phillips, of company A, Third regiment, K. N. G., is a happy man today. Adjutant General Davis has sent him the papers that make him captain of his company. He was taken from the ranks and promoted over the other officers in response to a petition signed by the members of his company. The captain of the company—Geo. H. Barker—was promoted to the office of colonel of the regiment and since that time First Lieutenant Jacobs has been in command and the company became demoralized.

Sergeant C. A. Hodges, of Co. F, Third regiment, has been promoted second lieutenant. He is located at Concordia. Just now the ranks of the Third regiment band at Minneapolis are sadly depleted. Gen. Davis has issued honorable discharges for four members of the band. They are C. C. Cline, D. E. Stettler, Morris Bloch and H. E. Eichaltz.

Marshall's band will give a concert at Garfield park tomorrow afternoon at 3 o'clock.

ted his friends by appearing with a new silk hat.

Elks 309 and coaches 20 and 232, will leave the Santa Fe shops today.

Five coaches will leave the Santa Fe car shops on Monday. They are mail and baggage 23, chair car 400, and dining cars 1950, 1951 and 1954. The latter will be used on the hotel men's excursion from Boston to Denver next month.

A Raymond & Whitcomb special of seventeen sleeping cars will come east from California next Monday.

The Santa Fe Clippers will play the Topeka Stars at Vinewood park tomorrow afternoon at three o'clock.

War cars 1, 5 and 291 will leave the Santa Fe shops Monday.

The change of time on the Missouri Pacific goes into effect tomorrow but will have very little effect upon Topeka travelers. The east bound train will arrive at 5:30 p. m., instead of 6:30 as formerly.

The Rock Island has opened its raimaking season and now has a small company at work at Channing, Texas, in the cattle region. The efforts of this particular outfit are only fairly successful so far. A. H. Dresser and wife of Edgerton, Kansas, are here visiting George Galletly of the Santa Fe shops at 321 Klein street.

SNAP SHOTS AT HOME NEWS.

Topeka has fifteen women doctors.

The street cars did a big business last night.

Tomorrow is temperance Sunday at the churches.

There are sixty-two church organizations in this city.

W. W. Curdy is now running a dry goods store at Paola.

Arthur Capper printed a good picture of N. Heizer in this week's Topeka Mail.

C. S. Glead, says the tide of immigration is turned towards Kansas once more.

Only one colored candidate for a county office next fall, has thus far announced himself.

The Morrill club of Kansas City, Kan., has endorsed Dick Blue for congressman at large.

Charles S. Glead says Joe Waters' interview in the Coxeys was worth the entire price of admission.

Matthew McCook, a deaf mute of Dubuque, Iowa, editor of the Deaf Mute Critic, is in the city.

Judge Elliott in the probate court has issued a marriage license to Alonzo Harris and Lizzie Forey.

Young ladies of Topeka have found a new place to carry their handkerchiefs. It is in their sleeves.

The "illuminated circus parade" drew a regular Priest-of-Pallas crowd to Kansas avenue, last night.

A camp fire will be given at Lincoln post hall tonight in honor of Department Commander Campbell.

"Times are getting hard," said an old lady today. "I see all the A. O. U. W. lodges have receivers, now."

The lodges of the United Workmen involved in the Stewart defalcation, will hold a special meeting tonight.

Clarence Davis, a son of Adjutant General Davis, is here from Stockton, assisting his father in office work.

Governor Lowelling now makes his residence at the Throop. Miss Jessie Lowelling has rooms at Mrs. M. A. Waterman's on Monroe street.

Bouquets are furnished to all those taking part in the investigation at the reform school, by the management. The flower gardens furnish them.

It was expected that at least 140 dentists would be in attendance at the state meeting here; there were about seventy, this made a big crowd, however.

Judge S. H. Snider, state superintendent of insurance, is a crack shot and made the best record at the West Side gun club shoot yesterday afternoon.

James Taylor will represent Topeka at the meeting of the National bookbinders and paper rulers union which convenes at Albany, New York, May 1st.

A drunken man created a disturbance on a street car on Kansas avenue during the circus parade last night. The conductor's action in choking him was justifiable.

Col. Dan Horne, one of the founders of Topeka, died this week at Ocean Grove, California. Col. Horne, Col. C. K. Holliday and F. W. Giles came to the present site of Topeka forty years ago. Horne street in Potwin Place is named for him.

HE GOT FOUR YEARS.

A Lightning Rod Swindler Appeals His Case to the Supreme Court.

Stub Crane was convicted of conspiracy to defraud a farmer in Ness county and sentenced to four years in the penitentiary. He worked the lightning rod scheme and secured the note of John Marquardt for \$150.

Today an appeal to the state supreme court was filed.

We put on new neckbands on shirts. Peerless Steam Laundry, 112 and 114 West Eighth street.

Awarded Highest Honors World's Fair.

DR. PRICE'S
